Breathing Ghosts: A Time Travel Adventure (Molly Claire Book 1) (Volume 1) Alisa Kester

Molly Claire was found aboard an abandoned boat in the San Francisco Bay, wearing an old-fashioned nightgown and a bloody jacket too large for her. The crew of the boat was never found, and the family of the girl never came forward to claim her. She was just five years old. Now, nineteen years later, Molly Claire has no memory of anything that happened to her before that night – nothing remains of her early childhood except the screams that torment her nightmares. But that's not the most unusual thing about her: Molly Claire can slip through time, an ability she uses as a professional ghost hunter. But when she and her two partners take the case of another young child, also haunted by nightmares and screaming, Molly Claire's current life and her past collide in ways she never imagined in her worst nightmares. Will Molly Claire discover a way to save this little girl from the bloody future in her dreams? And will she be strong enough to save herself from a web of betrayal and conspiracy she has no idea even exists?
