The Thames and I

Crown Prince Naruhito

The Thames and I Crown Prince Naruhito

In 1993 Japan's Crown Prince Naruhito published a memoir about his life and experiences during his two years at Merton College, Oxford, in the mid-1980s, where he studied the history of transport on the River Thames, hence the title of his book. The original Japanese edition (*Thames to tomo ni*) was published by Gakushuin Kyoyoshinsho to mark the 125th anniversary of the founding of Gakushuin University, Tokyo, which is the Crown Prince's own *Alma Mater*. Now in English translation by former British Ambassador to Japan, Sir Hugh Cortazzi, this sensitive, engaging and informative account of English university life, customs and mores as seen from the perspective of a young Japanese student, albeit Japan's heir to the imperial throne is a most welcome contribution to cross-cultural studies in the broader context; it is also a rare record of a life lived by one who normally experiences life above the clouds as a member of the Japanese imperial family. It is twenty years since I left Oxford, notes the Crown Prince in his Preface, but I recall fondly the days I spent there [1983-85] as if they took place yesterday. What I learned and experienced whilst I was studying in England during those brief two years have been of great benefit to me. "

From reader reviews:

Norris Patterson:

Book is to be different for every grade. Book for children till adult are different content. To be sure that book is very important for us. The book The Thames and I has been making you to know about other information and of course you can take more information. It doesn't matter what advantages for you. The publication The Thames and I is not only giving you more new information but also to become your friend when you feel bored. You can spend your own personal spend time to read your reserve. Try to make relationship using the book The Thames and I. You never really feel lose out for everything if you read some books.

Cecil Atkins:

In this 21st millennium, people become competitive in most way. By being competitive now, people have do something to make these people survives, being in the middle of the actual crowded place and notice by simply surrounding. One thing that often many people have underestimated it for a while is reading. That's why, by reading a e-book your ability to survive boost then having chance to stand than other is high. For yourself who want to start reading some sort of book, we give you this kind of The Thames and I book as nice and daily reading e-book. Why, because this book is more than just a book.

Pamela Prince:

You are able to spend your free time to study this book this book. This The Thames and I is simple to create you can read it in the park your car, in the beach, train as well as soon. If you did not include much space to bring the actual printed book, you can buy often the e-book. It is make you much easier to read it. You can save the actual book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

Audrey Spence:

Do you like reading a e-book? Confuse to looking for your favorite book? Or your book was rare? Why so many concern for the book? But just about any people feel that they enjoy for reading. Some people likes studying, not only science book but novel and The Thames and I as well as others sources were given expertise for you. After you know how the truly amazing a book, you feel want to read more and more. Science guide was created for teacher or perhaps students especially. Those publications are helping them to bring their knowledge. In different case, beside science reserve, any other book likes The Thames and I to make your spare time far more colorful. Many types of book like this one.
