Is That It?

Bob Geldof

Is That It? Bob Geldof

Bob Geldof formed Band Aid, orchestrated Live Aid, rallied the forces of rock performers all over the world and inspired millions to raise millions for the starving in Africa. But the song and dance about Geldof is not restricted to best-selling money-raising records and concerts: it is meeting the world's leaders and pleading with them to make food and funds available and changing their current aid policies, it is travelling in Africa and seeing famine at first-hand, and it is overseeing the disbursement of the millions that Band Aid has raised. In this vividly honest autobiography, Geldof writes of the past; an extraordinary childhood in Dublin and school-days that were both horrifying and funny; the origins of New Wave music; the beginnings, triumphs, worldwide fame, and then eclipse of the Boomtown Rats; and his films *The Wall* and *Number One*. He speaks of his years with Paula Yates. He writes of the formation of Band Aid and its achievements and he speaks of the future: musical, personal, and for Band Aid.

From reader reviews:

Margert Lewis:

Playing with family in a very park, coming to see the ocean world or hanging out with buddies is thing that usually you have done when you have spare time, then why you don't try thing that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Is That It?, you can enjoy both. It is good combination right, you still would like to miss it? What kind of hang-out type is it? Oh seriously its mind hangout people. What? Still don't obtain it, oh come on its called reading friends.

Albert Jones:

In this period of time globalization it is important to someone to obtain information. The information will make someone to understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon. You will see that now, a lot of publisher which print many kinds of book. Often the book that recommended for your requirements is Is That It? this publication consist a lot of the information from the condition of this world now. This kind of book was represented how can the world has grown up. The terminology styles that writer use for explain it is easy to understand. Often the writer made some exploration when he makes this book. This is why this book suitable all of you.

Lisa Westra:

Is it a person who having spare time in that case spend it whole day simply by watching television programs or just laying on the bed? Do you need something totally new? This Is That It? can be the respond to, oh how comes? The new book you know. You are consequently out of date, spending your extra time by reading in this completely new era is common not a geek activity. So what these publications have than the others?

Anthony Lainez:

Do you like reading a book? Confuse to looking for your favorite book? Or your book seemed to be rare? Why so many issue for the book? But almost any people feel that they enjoy intended for reading. Some people likes studying, not only science book but novel and Is That It? or others sources were given information for you. After you know how the great a book, you feel want to read more and more. Science book was created for teacher as well as students especially. Those textbooks are helping them to increase their knowledge. In other case, beside science book, any other book likes Is That It? to make your spare time a lot more colorful. Many types of book like here.
