These two volumes offer readers the information to make reliable purchasing decisions and product comparisons confidently. All information contained in both volumes has been verified by a Data Verification Group, and fast access is offered to over 12,000 companies and more than 65,000 products. The 1998 edition contains more ISO 9000 Series Registration and CE-marked devices data as well as e-mail and WWW addresses than previous editions. The aim is to save the reader time and resources when finding equipment and supplies and the manufacture who provides them. Volume 1 provides information on information purchasing or specifying medical supplies, from absorbable implants to wound closure zipers, and a five-chapter FDA code identifies the medical specialty and the device name. The full company name, address and telephone number is provided for every manufacturer of each product, along with price and product specifications. Volume 2 provides facts about potential suppliers, manufacturers and distributors, including complete backgrounds on each company, their number of employees, ownership, methods of distribution, sales volume revenue and net income. Lists of key executives are also provided along with the medical products the company supplies, plus the medical specialities they can serve.
