Rehabilitation in Mental Health: Goals and Objectives for Independent Living Barbara J. Hemphill MS OTR FAOTA Din, Cindee Quake Peterson MA OTR, Pamela Carr Werner BS OTR

This valuable guide is designed to assist the health care provider in developing behavioral goals and objectives for cognitive and psychiatrically impaired individuals. This comprehensive reference covers a variety of independent living skills, including those required in vocational, social and leisure situations. For each skill area, the book not only outlines goal directed treatment, but also shows the therapist how to write measurable objectives.

- Unique and special coverage of vocational and health safety skills.
- Outlines formulation of behavioral goals for individuals with function levels from the most basic to the most advanced.
