## **The Countess of Lowndes Square, and the Stories (Classic Reprint)** E. F. Benson

Preface writers thrum with the firm delicacy of the French, or with the industry of the American author. If the ten best short stories in the world were proclaimed by popular vote, it is probable that they would all be French stories; while if the million worst stories in the world were similarly brought together into one unspeakable library, they would probably all of them with the exception, of course, of the fourteen that make up this volume be found to be written in America. There is something in the precision and economy of the French, something in the opulence and amateurishness of the United States that renders the result of such a plebiscite perfectly appropriate, and we should only, when the result of the poll was known, find in it another instance of the invariable occurrence of the expected. Most of the ensuing tales have appeared before in the pages of Nash's Weekly, The Windsor Magazine, The Story-Teller, The Century, and The Woman at Home. The rest are now published for the first time. E. F. Benson.
