## **My Fat, My Diet: The Unstarched Supremacy F L Light**

Doctors, thinking saturated fat in butter and coconut is unwholesome, or believing vitellus is a vicious food, deserve to work in governmental offices, that by misleading the citizenry far more need for costly probations and processed consummations might enrich their profession. The more they stultify salubrity, the more necessary they become in power. Whoever reads or hears this book will not be stultified, we warrant you. "Certainly the oddest if most distinctive book of verse I've seen since Hector was a pup. The depth of your hatred for Keynesian economics, that could sustain you through 1564 tightly wrought couplets, is dumbfounding." - X. J. Kennedy on Shakespeare Versus Keynes. "You've blended very well the traditions of Shakespeare, Homer, and the English language sonnet, without erring on the side of pretense. The language is high, direct, and modern. I'm thrilled with these." Zachary Bos, editor of Sixty Six: a journal of sonnet studies.
