The Art of Medieval Hunting: The Hound and the Hawk

John Cummins

The Art of Medieval Hunting: The Hound and the Hawk John Cummins

The gentlemen of medieval and Renaissance Europe had three all-consuming passions: warfare, courtly love, and hunting with a hawk or hound--and the philosophy behind the last of the trio really encompasses them all. Hunting, the sport of kings, served as training for battle, a rite of manhood, and a powerful ritualistic pastime. In vivid and engrossing detail, here are all the appropriate methods for hunting deer, boar, wolves, foxes, bears, otters, birds, hares...even unicorns! A dazzling diversity of sources (poems, ballads, letters, court directives, royal accounts, gamekeepers' handbooks, psalters) illustrate how hunting and hawking appear throughout medieval art and literature as metaphors and motifs for everything from romance to combat.
