Not Just Another Princess Story Sheri Radford

After the king declares it's time for Princess Candi to get married, the math-loving princess decides to carry out a husband search on her own. Not knowing how to find such a creature, she turns to fairy tales for inspiration and ends up using every method in the books, from kissing frogs to slaying monsters. But will she find her Prince Charming? Or just a bunch of duds who cheat, cry and make armpit noises? This swashbuckling tale is brimming with romance, algebra problems and at least one very large pickle.
