Watching Lacandon Maya Lives

R. Jon McGee

Watching Lacandon Maya Lives R. Jon McGee

In *Watching Lacandon Maya Lives*, the author follows three generations of one Lacandon Maya family. Readers track the subjects' lives as they shift through events such as marriage, parenthood, and religious conversion, all set against a backdrop of increased tourism, road construction, and the murders of two people in the community. This book encompasses both ethnography and a critique of ethnographic writing. At one level, the book is about social, agricultural, technological, and religious changes that have occurred in a Lacandon Maya community in Mexico. At a second level, the book is a critique of those who invented a Utopian picture of a "traditional" Lacandon past that never really existed. For cultural anthropologists, or anyone interested in learning more about this Mayan culture.
