Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science)

Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science)

Volumes of LNCS 5821 and CCIS 51 are the proceedings of the 4th International Symposium on Intelligence Computation and Applications (ISICA 2009) held in Huangshi, China, October 23-25, 2009. These two volumes are in memory of Prof. Lishan Kang, the ISICA 2009 Honorary General Chair, who was a leading figure in the fields of domain decomposition methods and computational intelligence. ISICA 2009 successfully attracted over 300 submissions. Through rigorous reviews, 58 high-quality papers were included in LNCS 5821, while the other 54 papers were collected in CCIS 51. ISICA conferences are one of the first series of international conferences on computational intelligence that combine elements of learning, adaptation, evolution and fuzzy logic to create programs as alternative solutions to artificial intelligence. The last three ISICA proceedings have been accepted in the Index to Scientific and Technical Proceedings (ISTP) and/or Engineering Information (EI). Following the success of the past three ISICA events, ISICA 2009 made good progress in the analysis and design of newly developed methods in the field of computational intelligence. ISICA 2009 featured the most up-to-date research in analysis and theory of evolutionary algorithms, neural network architectures and learning, fuzzy logic and control, predictive modeling for robust classification, swarm intelligence, evolutionary system design, evolutionary image analysis and signal processing, and computational intelligence in engineering design. ISICA 2009 provided a venue to foster technical exchanges, renew everlasting friendships, and establish new connections.

From reader reviews:

Kevin Gans:

Inside other case, little folks like to read book Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science). You can choose the best book if you love reading a book. Given that we know about how is important a book Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science). You can add information and of course you can around the world by just a book. Absolutely right, since from book you can recognize everything! From your country until eventually foreign or abroad you will find yourself known. About simple issue until wonderful thing it is possible to know that. In this era, we can open a book or even searching by internet unit. It is called e-book. You can utilize it when you feel bored to go to the library. Let's study.

Hilary Williams:

Hey guys, do you would like to finds a new book to study? May be the book with the concept Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) suitable to you? Typically the book was written by well-known writer in this era. Often the book untitled Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) is the main one of several books which everyone read now. This particular book was inspired a number of people in the world. When you read this publication you will enter the new age that you ever know before. The author explained their idea in the simple way, consequently all of people can easily to recognise the core of this guide. This book will give you a lots of information about this world now. So that you can see the represented of the world with this book.

Barbara Jackson:

The publication with title Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) contains a lot of information that you can find out it. You can get a lot of profit after read this book. This specific book exist new know-how the information that exist in this reserve represented the condition of the world now. That is important to yo7u to understand how the improvement of the world. That book will bring you with new era of the syndication. You can read the e-book with your smart phone, so you can read the idea anywhere you want.

Crystal Thomas:

A lot of guide has printed but it differs. You can get it by online on social media. You can choose the top

book for you, science, comedy, novel, or whatever by means of searching from it. It is named of book Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science). You can contribute your knowledge by it. Without leaving behind the printed book, it could possibly add your knowledge and make you actually happier to read. It is most important that, you must aware about e-book. It can bring you from one destination to other place.
