Science and Religion: A Contradiction United

Bennett F. Horton Sr.

Science and Religion: A Contradiction United Bennett F. Horton Sr.

This book deals with issues that concern both science and religion. Dr. Bennett Horton's work is - Sympathetic to scientific atheists, but he has different conclusions; - Sympathetic to conservative Christians, but he proposes other conclusions. Dr. Horton appreciates and discusses the underlying supernaturalistic assumption of the major presentation of Christianity in modern American culture and the underlying naturalistic assumption of science. This book is - One that appreciates the value of mythos truth (in philosophical terms) or spirit truth (in the terms Jesus used), - One that appreciates the many understandings of science that can be useful in understanding Christianity, - One that appreciates the many understandings of Christianity that can be useful in understanding science.
