# Statistics for the Health Sciences: A Non-Mathematical Introduction

*Christine Dancey, John Reidy, Richard Rowe*

**Statistics for the Health Sciences: A Non-Mathematical Introduction** Christine Dancey, John Reidy, Richard Rowe

This is a highly accessible textbook on understanding statistics for the health sciences, both conceptually and via SPSS. The authors give clear explanations of the concepts underlying statistical analyzes and descriptions of how these analyzes are applied in health sciences research without complex statistical formulae. The book takes students from the basics of research design, hypothesis testing, and descriptive statistical techniques through to more advanced inferential statistical tests that health sciences students are likely to encounter. Exercises and tips throughout the book allow students to practice using SPSS.
