The Power of Positive Criticism

Hendrie Weisinger Ph.D.

The Power of Positive Criticism Hendrie Weisinger Ph.D.

Some people just can't take criticism. And some people just can't give it--not in a positive, motivating, mutually beneficial manner, anyway. That's too bad, because criticism is essential to many aspects of business, such as performance appraisals, quality control, and team functioning, to name a few. This empowering book helps readers take the sting out of criticism--and transform it from a destructive, demoralizing disaster into an energizing, educating experience that builds relationships and increases individual and organizational success. Using real-life scenarios and the author's 21 tips to positive criticism, readers will learn to: * Think of criticism as a positive thing * Become strategic critics and develop their skill in using the power of positive criticism * Stay cool, calm, and collected when giving or getting criticism * Criticize their boss--without getting fired, and more."
