America's Film Vault (Historic Footage Project)

America's Film Vault (Historic Footage Project)

AMERICA'S FILM VAULT: A Reference Guide to the Motion Pictures Held by the U.S. National Archives is the comprehensive new book by award-winning author and film-sleuth Phillip W. Stewart. Some of the best kept history secrets are buried deep within America's film vault. This essential reference guide unshrouds, for the first time in book form, the whereabouts of historic motion picture films preserved in the National Archives.

This treasure trove includes over 360,000 film reels that document a century of American and world history. Unfortunately, relatively few people know that these historically significant films exist, and even fewer know how to find them.

AMERICA'S FILM VAULT is an indispensable reference guide that discloses how these vintage films are organized and where to find them; exposes over 330 Government and Donated records that have motion pictures buried within them; uncovers and specifically identifies over 1,460 film titles and provides topical references to thousands more; and reveals-all with a comprehensive 2,130-plus subject index that sheds light on a vast variety of rare films.

According to William T. Murphy, former Chief of the Motion Picture, Sound, and Video Branch of the National Archives, America's Film Vault is, "...a convenient overview of National Archives and Records Administration's motion picture holdings, one difficult to obtain from any other source."

If you're ready to play detective, take a crack at the combination, and investigate the bowels of the vault, you need a guide map...and this is it! Discover "reel" treasures with AMERICA'S FILM VAULT. Check out the author's website (pwestewart.com) for more information about this and his other books in The Historic Footage Project.

From reader reviews:

Connie Cornish:

As people who live in the actual modest era should be revise about what going on or info even knowledge to make all of them keep up with the era that is always change and make progress. Some of you maybe may update themselves by examining books. It is a good choice for yourself but the problems coming to you actually is you don't know what one you should start with. This America's Film Vault (Historic Footage Project) is our recommendation to make you keep up with the world. Why, because this book serves what you want and need in this era.

Benjamin King:

Why? Because this America's Film Vault (Historic Footage Project) is an unordinary book that the inside of the guide waiting for you to snap that but latter it will zap you with the secret that inside. Reading this book alongside it was fantastic author who also write the book in such amazing way makes the content within easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of advantages than the other book include such as help improving your talent and your critical thinking technique. So , still want to postpone having that book? If I had been you I will go to the e-book store hurriedly.

Linda Gordon:

Playing with family inside a park, coming to see the marine world or hanging out with pals is thing that usually you may have done when you have spare time, after that why you don't try matter that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love America's Film Vault (Historic Footage Project), you are able to enjoy both. It is good combination right, you still want to miss it? What kind of hang type is it? Oh can happen its mind hangout fellas. What? Still don't get it, oh come on its known as reading friends.

Jo Jordan:

That reserve can make you to feel relax. This kind of book America's Film Vault (Historic Footage Project) was vibrant and of course has pictures on the website. As we know that book America's Film Vault (Historic Footage Project) has many kinds or category. Start from kids until young adults. For example Naruto or Detective Conan you can read and believe you are the character on there. Therefore , not at all of book usually are make you bored, any it makes you feel happy, fun and rest. Try to choose the best book to suit your needs and try to like reading that will.
