Crime, Justice and Social Media (New Directions in Critical Criminology)

Michael Salter

Crime, Justice and Social Media (New Directions in Critical Criminology) Michael Salter

How is social media changing contemporary understandings of crime and injustice, and what contribution can it make to justice-seeking? Abuse on social media often involves betrayals of trust and invasions of privacy that range from the public circulation of intimate photographs to mass campaigns of public abuse and harassment using platforms such as Facebook, Twitter, 8chan and Reddit – forms of abuse that disproportionately target women and children.

Crime, Justice and Social Media argues that online abuse is not discontinuous with established patterns of inequality but rather intersects with and amplifies them. Embedded within social media platforms are inducements to abuse and harass other users who are rarely provided with the tools to protect themselves or interrupt the abuse of others. There is a relationship between the values that shape the technological design and administration of social media, and those that inform the use of abuse and harassment to exclude and marginalise diverse participants in public life.

Drawing on original qualitative research, this book is essential reading for students and scholars in the fields of cyber-crime, media and crime, cultural criminology, and gender and crime.

William Bell:

As a student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some guide, they are complained. Just little students that has reading's spirit or real their interest. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Crime, Justice and Social Media (New Directions in Critical Criminology) can make you really feel more interested to read.
