EFT is a tool which works on our energy system. It is use-ful in resolving countless physical, mental and spiritual issues. It originated from the combination of traditional Chinese medicine, PNL and quantum physics. It is a technique that can be easily used by anyone who wants to improve themselves and their life and to hit the right path towards their personal mission. EFT allows us to achieve happiness by just using a finger. It works directly on the cause of the problem by rebalancing our meridian system and freeing ourselves from old blocks and old memories that prevent us from taking off towards our true essence. This book will guide you on a voyage of discovery about this technique and all you can achieve with it. Starting work on ourselves means becoming 100% responsible for our own lives.

Ridding ourselves of ballast means taking flight.

Have a good life, always!
