Complete Works (Classic Reprint) Joseph Conrad

The tales collected in this book have didted on their appearance twa utterances in the shape of comment and one distinctly critical charge. A reviewer observed that I liked to write of men who go to sea or live on lonely islands mitrammeled by the pressure of worldly circumstances because such characters allowed freer play to my imagination which in their case was only bounded by natural laws and the universal human conventions. There is a certain truth in this remark no doubt. It is only the suggestion of deliberate choice that misses its mark. I have not sought for special imaginative freedom or a larger play of fancy in my choice of characters and subjects. The nature of the knowledge, suggestions or hints used in my imaginative work has depended directly on the conditions of my active life. It depended more on contacts, and very slight contacts at that, than on actual experience; because my life as a matter of fact is far from being adventurous in itself. Even now whai I look back on it with a certain r(who would not regret his youth?) and positive affection, its colouring wears the sober hue of hard work and exacting calls of duty, things which in themselves are not much charged with a feeling of romance. If these things appeal strongb to me even in retrospect it is, I suppose, because the romantic feeling of reality was in me an inborn faculty.
