Handbook of International Law

Anthony Aust

Handbook of International Law Anthony Aust

A concise account of international law by an experienced practitioner, this book explains how states and international organisations, especially the United Nations, make and use international law. The nature of international law and its fundamental concepts and principles are described, and the differences and relationships between various areas of international law which are often misunderstood (such as diplomatic and state immunity, and human rights and international humanitarian law) are clearly explained. Also discussed is the essence of new specialist areas of international law, relating to the environment, human rights and terrorism.
