The Future of Primary Care (Public Health/Robert Wood Johnson Foundation Anthology)

The Future of Primary Care (Public Health/Robert Wood Johnson Foundation Anthology)

The Future of Primary Care reports on the principles of organization and delivery of primary care to address the needs of our future population. *The Future of Primary Care's* stellar panel of health care experts includes Barbara Starfield, Dana Gelb Safran, Bernard Lo, and Gordon Moore. They explore topics such as

- Current dilemmas and threats to primary care from both the clinician's and patient's point of view
- The impact of the self-care and alternative care movements
- The importance of improved information technologies
- Individual elements of primary care and the relative value of each element
- Primary care's contribution to the overall health of our population
- Assessing alternative sites and circumstances where primary care may be provided
- The specialist and nurse as primary care providers
- The role of primary care in chronic illness management, care for the elderly, long term and home care
- Exploring recommendations for the future
