The Montenegrin Warrior Tradition: Questions and Controversies over NATO Membership Branko Banovi?

Montenegro has been a much neglected part of former Yugoslavia. The Montenegrin Warrior Tradition aims to scrutinize the identity debates in Montenegrin public opinion over the question of membership to NATO and to explore how narratives created for that purpose have been linked with Montenegrin identity, history, tradition, and the concept of Montenegrin masculinity. The intertwining of the question of identity with that of NATO membership, and the inseparability of these issues from the context of quotidian politics produces an array of controversies among Montenegrin citizens. The book interprets the public and private debates about Montenegro joining NATO through the prism of anthropological studies of identity; in particular those focused on a general theory of culture and the anthropology of multiculturalism.
