Basic Urologic Laparoscopy Arthur I., M.D. Sagalowsky, Glenn M., M.D. Preminger

This introductory reference to laparoscopy for urologists who are new to the technique covers general principles and instrumentation common to all urologic laparoscopy, as well as specific current procedures. An understanding of laparoscopic fundamentals will remain essential to each new application as it is developed and the text is intended to be sufficiently detailed yet concise enough for quick reference. The book is illustrated in order to take the reader through procedures and techniques step by step.
