## Intelligence; From Secrets to Policy 7th Edition

Mark M. Lowenthal's trusted guide is the go-to resource for understanding how the intelligence community's history, structure, procedures, and functions affect policy decisions. In this **Seventh Edition**, Lowenthal examines cyber space and the issues it presents to the intelligence community such as defining cyber as a new collection discipline; the implications of the Senate Intelligence Committee's staff report on enhanced interrogation techniques; the rise of the Islamic State; and the issues surrounding the nuclear agreement with Iran. New sections have been added offering a brief summary of the major laws governing U.S. intelligence today such as domestic intelligence collection, whistleblowers vs. leakers, and the growing field of financial intelligence."
