Tea & Etiquette: Taking Tea for Business and Pleasure

Bruce Richardson, Dorothea Johnson

Tea & Etiquette: Taking Tea for Business and Pleasure Bruce Richardson, Dorothea Johnson

Afternoon tea conjures up both feelings of elegance and gentility. It is, after all, synonymous with civility and blessed with the endearing quality of being part of the world's enduring cup of humanity. The customs and courtesies associated with this most civilized ceremony, however, are disquieting to the uninitiated. Fear of committing "tea faux pas" is on the upturn, as tea is now serving not only a social function, but a professional one as well-an alternative to the business lunch or dinner. This has created an unprecedented demand for learning the essentials of tea etiquette as executives meet in hotel lounges to discuss business over a cup of tea.

This book includes tea history, tea and health information, steeping guides, as well as elements of both social and business tea etiquette. The authors have given you all the information needed to either serve or be served at a host of tea occasions.

Lois Hutter:

You can spend your free time to study this book this guide. This Tea & Etiquette: Taking Tea for Business and Pleasure is simple bringing you can read it in the playground, in the beach, train as well as soon. If you did not include much space to bring the actual printed book, you can buy often the e-book. It is make you much easier to read it. You can save the actual book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

Natalie Renz:

As a college student exactly feel bored to reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Tea & Etiquette: Taking Tea for Business and Pleasure can make you truly feel more interested to read.
