## **The Waste Lands (The Dark Tower, Book 3) Stephen King**

Beginning with a short story appearing in *The Magazine of Fantasy and Science Fiction* in 1978, the publication of Stephen King's epic work of fantasy-what he considers to be a single long novel and his magnum opus-has spanned a quarter of a century.

Set in a world of extraordinary circumstances, filled with stunning visual imagery and unforgettable characters, *The Dark Tower* series is King's most visionary feat of storytelling, a magical mix of science fiction, fantasy, and horror that may well be his crowning achievement. In November 2003, the fifth installment, *Wolves of the Calla*, will be published under the imprint of Donald M. Grant, with distribution and major promotion provided by Scribner. *Song of Susannah*, Book VI, and *The Dark Tower*, Book VII, will follow under the same arrangement in 2004. With these last three volumes finally on the horizon, readers-countless King readers who have yet to delve into *The Dark Tower* and a multitude of new and old fantasy fans-can now look forward to reading the series straight through to its stunning conclusion. Viking's elegant reissue of the first four books ensures that for the first time *The Dark Tower* will be widely available in hardcover editions for this eager readership.
