Brainwash: The Secret History of Mind Control Dominic Streatfeild

Behind the front lines of every war in the world, prisoners are forced to sit for interrogation: manipulated, coerced, and sometimes tortured--often without ever being touched. Brainwash is a history of the methods intended to destroy and reconstruct the minds of captives, to extract information, convert dissidents, and lead peaceful men to kill and be killed.

With access to formerly classified documentation and interviews from the CIA, U.S. Army, MI5, MI6, and British Intelligence Corps, Dominic Streatfeild traces the evolution of mind control from its origins in the Cold War to the height of today's war on terror. Vivid and disturbing, *Brainwash* is essential insight into the modern practice of interrogation and torture.
