The Book of the Damned

Charles Fort

The Book of the Damned Charles Fort

The Book of the Damned was the first published nonfiction work of the author Charles Fort. Dealing with various types of anomalous phenomena including UFOs, strange falls of both organic and inorganic materials from the sky, odd weather patterns, the possible existence of creatures generally held to be mythological, disappearances of people under strange circumstances, and many other phenomena, the book is historically considered to be the first written in the specific field of anomalistics. The title of the book referred to what he termed the "damned" data - data which had been damned, or excluded, by modern science because of its not conforming to accepted guidelines. Fort believed that mainstream scientists are trend followers who believe in what is accepted and popular, and never look for a truth that may be contrary to what they believe. Fort was one of the first major writers to deal extensively with paranormal and thus The Book of the Damned should be considered an important and formulative work. Charles Hoy Fort was an American writer and researcher into anomalous phenomena. Today, the terms Fortean and Forteanity are used to characterize various such phenomena.

From reader reviews:

George Nygaard:

As people who live in the actual modest era should be update about what going on or details even knowledge to make these individuals keep up with the era which is always change and progress. Some of you maybe can update themselves by studying books. It is a good choice to suit your needs but the problems coming to a person is you don't know what one you should start with. This The Book of the Damned is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Brittany Belliveau:

As we know that book is very important thing to add our information for everything. By a guide we can know everything we wish. A book is a range of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This publication The Book of the Damned was filled concerning science. Spend your extra time to add your knowledge about your technology competence. Some people has several feel when they reading any book. If you know how big benefit of a book, you can really feel enjoy to read a e-book. In the modern era like right now, many ways to get book that you simply wanted.

Emma Patterson:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's internal or real their pastime. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this The Book of the Damned can make you really feel more interested to read.

Jeffrey Baptiste:

What is your hobby? Have you heard that will question when you got learners? We believe that that concern was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. And also you know that little person just like reading or as looking at become their hobby. You need to know that reading is very important along with book as to be the factor. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You discover good news or update in relation to something by book. Many kinds of books that can you take to be your object. One of them is The Book of the Damned.
