Berries

Roger Yepsen

Berries Roger Yepsen

All about berries, both usual and unusual, with beautiful watercolor illustrations and ninety recipes.

Berries are edible jewels, distillations of sunlight, soil, and floral perfumes. Some offer ambrosial sweetness; others are assertive as herbs and spices. Yet many of us rarely encounter berries outside of a peanut-butter-and-jelly sandwich, or raspberry-scented seltzer. *Berries* reintroduces us to these delightful fruits, including neglected varieties that have nearly disappeared from the American diet and garden. Roger Yepsen, author/illustrator of *Apples*, offers advice on finding wild berries, growing your own, and preserving them for year-round enjoyment. His gallery of sixty delicate watercolors depict berries from black currants and wild strawberries to the exotic salmonberry and Achilles Red gooseberry. And while it's hard to improve on the fresh item, *Berries* includes almost a hundred recipes: blueberry buckle, raspberry soup, elderberry wine, and black currant crepes. This elegant guidebook will inspire the cook, gardener, forager?and anyone with a sweet tooth?to get more involved with the wonderful world of berries.
