## Moment: Time and Rupture in Modern Thought (Liverpool University Press - Studies in European Regional Cultures)

Modern philosophical thought has a manifold tradition of emphasizing "the moment". "The moment" demands questioning all-too-common notions of time, of past, present and future, uniqueness and repetition, rupture and continuity. This collection addresses the key questions posed by "the moment", considering writers such as Nietzsche, Husserl, Benjamin and Badiou, and elucidates the connections between social theory, philosophy, literary theory and history that are opened up by this notion.
