J. MICHAEL STRACZYNSKI TALKS ABOUT VOLUME 1:

When we went to sell Babylon 5, I wrote a pilot screenplay to take around. When we made the deal, the notes process began...and the script went through considerable changes. But this is the ORIGINAL draft, the one only seen by the studio and the other producers on the show.

What's different? How about Garibaldi trying to get hold of his dying father back on Mars...how about a shape-shifter instead of a Minbari assassin with a changeling net...Londo as a part-time pick-pocket...Dr. Chakri Mendak instead of Dr. Kyle...new scenes between Lyta and Laurel, Delenn and others that were later cut...a LOT more character scenes with Sinclair and Garibaldi...a discovery about Delenn's lifestone and what that means to the Minbari...where Sinclair is NOT put on trial, but finds a whole different and more interesting way to solve the mystery of Kosh's assailant...and the introduction of Kosh's life-mate, Velana, who plays a very important role in the script. (Didn't know Vorlons had life-mates, did you?)

This script is HUGELY different from the one we filmed — funnier in places, with more character moments — and it has been kept under lock and key all this time. Now, for the first time, it has been officially released in the first volume of this 15-volume set.

In this volume, readers will also discover:

- The secret meaning of the title "Midnight on the Firing Line";
- How Londo ended up with all that hair;
- Why Lyta was in "The Gathering" but not the first two seasons;

- And the Christmas bombshell that almost destroyed the chances of Babylon 5 ever airing.
