Real estate, like any other investment, is a means to an end: that end might be a secondary source of income, a strategic plan for your retirement, or a way to attain complete financial independence. Whatever your goal is, you've decided that real estate is a tool you want to use. So how do you use it? How do you make it work for you and avoid getting burned in the market? And how much of it do you need to fulfill your ambitions?

Peter Kinch is one of Canada's top mortgage brokers and has helped thousands of investors clarify their dreams and turn them into reality. In *The Canadian Real Estate Action Plan*, Peter walks you through one of his investor workshops, helping you develop not just *a* plan, but *your* plan, including:

- Defining your end goal, and how much real estate you need to achieve it
- Determining the kinds of investments that are right for you
- Identifying obstacles to your success, and overcoming them
- Discovering financing options and solutions, including recent changes that affect investors

New investors will get the thorough background information they need to get started, while more experienced investors will benefit from exploring alternative options and lesser-known strategies. Both will see how long-term thinking is the key to their portfolio's continued profitability.

The best way to achieve your goals is to plan for your success, and there's no better tool to help you do just that than *The Canadian Real Estate Action Plan*.
