## The Culture of Defeat: On National Trauma, Mourning, and Recovery Wolfgang Schivelbusch

Focusing on three seminal cases of military defeat--the South after the Civil War, France in the wake of the Franco-Prussian War, and Germany following World War I--Wolfgang Schivelbusch reveals the complex psychological and cultural responses of vanquished nations to the experience of loss on the battlefield. Drawing on reactions from every level of society, Schivelbusch charts the narratives defeated nations construct and finds remarkable similarities across cultures. Eloquently and vibrantly told, *The Culture of Defeat* is a brilliant and provocative tour de force of history.
