**Las virtudes burguesas. Ética para la era del comercio (Politica) (Spanish Edition)** Deirdre N. McCloskey

Esta obra pretende explorar el impacto económico y social del capitalismo en la vida moral de las sociedades que ha engendrado, oponiéndose a sus críticos que sobre todo cuestionan la moralidad. Es un texto multidisciplinario donde convergen la filosofía moral, la historia de las ideas, historia económica, historia del pensamiento económico y la sociología. El conjunto de argumentos rebasa las clasificaciones tradicionales y se acerca más a la filosofía moral que a la economía.
