Finding Eve: A Time Travel Novel Mark Spears

Separated when they were toddlers, Mark had dreamed that someday he would find his older brother, Billy Ray. But then, on a cold, Fall morning in 1983, he reads the news of Billy Ray's death, shattering the dream that they would ever meet. Three decades later, Mark stumbles upon the ability to time travel and the possibility that he could travel back to 1983 and prevent his brother's death. Armed with no knowledge of how to travel through time, or space, he's joined by two friends who think they can help. Through a series of time and space calamities, the three friends manage to lose Adam and Eve, destroy all Earth's time records, and incite an invasion on Earth. Ultimately, Mark is left with a choice that no one should ever have to make . . . trade millions of lives to save one.
