Lessons About Life Momma Never Taught Us: Happy About Learning the Easy Way Linda Edwards, Nicole Glennon, Danielle Glennon

All women will be able to relate to this book, regardless of age. Mothers, grandmothers sisters, will all want to share this book with those that are following in their footsteps. We want some women to respond, "Gosh, why didn't I think of that?" We want other women to think, "I feel so much better now that I know it's not ME!" And others to think, "Now I know what to do to be a better and more desirable partner..."

The book describes the lessons and insights the three authors derived from their experiences and problems with boys. It contains the proven discoveries about who boys really are and the reasons for the behaviors they have that drive girls crazy. These voyages of self-discovery are the lessons that the authors decided should have been taught to them years ago. The book shows that regardless of age (authors 15 to 50) women still have the same perplexing questions about how to approach and relate to men.
