Millionaire Teacher: The Nine Rules of Wealth You Should Have Learned in School Andrew Hallam
Adopt the investment strategy that turned a school teacher into a millionaire

Millionaire Teacher shows you how to achieve financial independence through smart investing — *without* being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about *your* money and *your* future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors.

Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth.

- Gain the financial literacy to make smart investment decisions
- Learn why you should invest in index funds
- Find out how to find the right kind of financial advisor
- Avoid scams and flash-in-the-pan trends

Millionaire Teacher shows how to build a strong financial future today.
