The Sex Scam: How the Hell did that Happen? Garrett Falcon

“They call me Horse. I can think of lots of ways you could thank me...” Horace “Horse” Ash is big, brawny and a quick shot - the kind of protective companion any girl would be lucky to have on the rough roads of the Wild West. He becomes just that to two very beautiful women traveling to Santa Fe, Sandra and Jasmine. The women are actresses fleeing town on the heels of a scandal, hoping for better careers in the big city. Horse agrees to take them there in exchange for having “fun” with them from time to time. The girls readily agree. On the road, the entrepreneurial threesome come up with a money-making scheme: Sandra, in the guise of a wealthy widow, is to entertain male callers of all ages, hoping to find a good “investment.” As the scheme gets bigger and bigger, so does their circle of conspirators: Horse’s old friends Jack and Tom join in on the fun, as does Sadie, the town’s eccentric benefactress. Sara, a mysterious, half-Indian beauty, also finds herself thrust in the middle of the action. But with new friends they also make new and powerful enemies. Big money means big stakes, and with ownership of rich mines on the line, they can really come out of this scheme wealthy... They just have to survive first! *A Wild West adventure for mature audiences. SAMPLE 1: Then I felt a small hand tenderly grasp my dick and was shortly followed by a larger hand. Fortunately I am endowed enough that it still gave room for the duet of hands to stroke it, slowly at first but followed by quicker and with more authority. My next groan was received correctly as one not of pain but pleasure. While all this was going on I was not just quietly laying there, but wished I had three or four more hands to reach all the places I was trying to explore. I reached over and clutched Jasmine and swung her onto my handlebar mustache pussy first. The girls had only clothed in a light wrap after their wash-up so I had no problems with direct access to her pussy with my probing tongue. What a joy it was to lick, munch and fuck with my hungry tongue. I thought I had reached an apex when I found out I wasn't even halfway when I felt a hot, moist mouth engulf my cock. I had been hard in the past when in the throes of passion. Not hardly. I could have cut glass or cleaved diamonds with my dick now! I'll tell you, these girls might not be whores, but if they ever take up that trade, they could make a fortune. What with them trading places on me and all the sucking, fucking, munching, and licking going on I don't know how I lasted as long as I did. I must have cum multitudinous times but lost count from all the baying at the moon [me] and shrieks [them].
